[REDACTED]
Bayside, NY [REDACTED]

Dear [REDACTED]

Thank you for your correspondence dated July 20, 2006, concerning your model year (MY) 2006 Nissan Altima vehicle. The New York State Office of the Attorney General forwarded your correspondence to the National Highway Traffic Safety Administration (NHTSA). It was received by the Office of Defects Investigation (ODI) on August 14, 2006. We regret any inconvenience our delay in responding may have caused you.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

Our records indicate that the MY 2006 Nissan Altima is involved in two safety recall campaigns (summaries enclosed). Dealers are not permitted to deliver a vehicle for sale with an open recall once they have been notified by the manufacturer of a safety defect. ODI's Recall Management Division was advised of this issue, and has made you aware of the circumstances concerning this matter.

You can contact our toll-free NHTSA Vehicle Safety Hotline (Hotline) at 1-888-DASH-2-DOT (1-888-327-4236). One of our representatives may be able to assist you on matters concerning motor vehicle and motor vehicle equipment safety recalls or to report an alleged safety problem. You can also request safety information. If our telephones are busy, or you call during non-working hours, you can leave your name, telephone number, and a brief subject on our recording system. A Hotline representative will return your call.

DOT AUTO SAFETY HOTLINE
888-DASH-2-DOT

Additionally, we have an Internet Web site at <http://www.nhtsa.dot.gov> that you may want to visit. A Monthly Defect Report is available on that site that provides a listing of current investigations. Enter "Monthly Defect Report" in the **NHTSA Search** capability to locate the reports. An electronic Vehicle Owner's Questionnaire (VOQ) is also available on this Web site at <http://www.nhtsa.dot.gov/ivoq>. This form is for vehicle owners to report safety related problems about their motor vehicles or motor vehicle equipment, e.g., child safety seats, jacks, tires, brake fluid, etc. The reports submitted are transferred to our database and are used to identify safety-related defect trends that require our attention. If you do not have access to the Internet, please use the enclosed VOQ to inform this agency of any future motor vehicle or motor vehicle equipment safety problems you may experience. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc., can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,

A handwritten signature in dark ink, appearing to read "Alberto A. Jimenez", with a stylized flourish at the end.

Alberto A. Jimenez, Chief
Correspondence Research Division
Office of Defects Investigation
Enforcement
