Dear Sir or Madam:

I purchased new and currently own the above referenced E-350 motorhome. At approximately 37,000 miles, the ABS failed and the "Solenoid Valve Block" was replaced under warranty. Now, at approximately 73,000, the ABS has failed again. I realize that this unit is well out of warranty, but the ABS should have a life expectancy of more than 36,000. I am, therefore, requesting that Ford Motor Company extend the warranty on the ABS so it can be serviced as necessary.

I have enclosed a photo copy of the original repair order from Stevinson's Golden Ford.

Your prompt reply will be greatly appreciated. Thank you.

Very truly yours,
