Dear ██████████:

Thank you for your e-mail concerning a recall compliance sticker placement for your Model Year (MY) 2003 Trailstar Tun18sab boat trailer. Your correspondence was received by the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation on June 5, 2007.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. We also monitor the adequacy of recall campaigns; however, we cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

Information submitted by vehicle owners using Vehicle Owner's Questionnaires (VOQs) are automatically entered into our complaint database, and data is then available to NHTSA's Office of Defects Investigation investigators for review and analysis to determine whether an investigation is warranted. Due to the volume of VOQs received and limited agency resources, NHTSA cannot respond to the submitters of these questionnaires. We apologize for any confusion this may have caused you.

██████████ NHTSA recall campaign 06V344000, (copy enclosed), corrects the capacity tag installation on your boat trailer to prevent exceeding loads which in turn may cause excessive wear on the equipment and/or tire blow out during transport. While you may choose not to place the correct load label on your boat trailer; however, because you have been notified of the correct capacity and its label placement for your boat trailer, and any catastrophic failures that may

occur due to the loads exceeding said correct label amount may place you negligent for injuries or other damages incurred to other motorist or property. If you have any questions regarding this matter, please contact Mr. Richard Willard, Consumer Safety Officer at 1-800-986-9678, ext. 66544.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, you can complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq>. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc., can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,

A handwritten signature in black ink, appearing to read 'Cynthia Glass', written in a cursive style.
