The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Both Fuel Tank Straps Rusted in half and broke while I was driving on Interstate going 55 mph. Luckily I didn't have the radio on or a load of noisy boy scouts because I could hardly hear the tank dragging. I pulled to the side of the road and strapped the tank back up to the frame. I replaced the straps myself and sprayed uncoat on them to prevent further trouble.
