NVS-216 mec
Ref. No. 10187924

Dear [REDACTED]:

Thank you for your correspondence dated March 23, 2007, concerning the difficulty you encountered with the availability of the recall remedy parts for your Model Year (MY) 2003 Jeep Liberty vehicle. The National Highway Traffic Safety Administration (NHTSA), Office of Defects Investigation (ODI) received your correspondence on April 3, 2007. We regret any inconvenience our delay in responding may have caused you.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns.

NHTSA Recall Campaign No. 06V-288 involves MY 2002 through 2006 Jeep Liberty vehicles. There are a total of 826,687 vehicles affected. According to the DaimlerChrysler, the supplier, TRW, is operating at near capacity working triple shifts, six days a week. They are producing approximately 54,000 parts a week for shipment to the nearly 37,500 DaimlerChrysler dealerships nationwide. We suggest you continue to work with your local DaimlerChrysler dealership to schedule the recall remedy repair when the parts arrive.
