NVS-216 aae
Ref. # 10192150

Dear [REDACTED]:

Thank you for your e-mail concerning your Model Year (MY) 2000 Chevrolet Blazer. Your e-mail was received by the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation on May 22, 2007. We regret any inconvenience our delay in responding may have caused you.

In order to determine whether a recall has been performed on your vehicle, you can contact either your local authorized General Motors dealership or General Motors Division (GM) for that information. Have your Vehicle Identification Number, make, model and model year available and they can verify if your vehicle has any outstanding recalls that need to be performed. Additionally, you can update your information with GM for any future recalls at: General Motors Division, 100 Renaissance Center, Detroit, MI, 48265, 1-800-462-8782 or www.gmc.com.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, you can complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq>. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc., can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,

Cynthia Glass, Acting Chief
Correspondence Research Division
Office of Defects Investigation
Enforcement
