This letter was sent to me today. Do you want us to respond to this?

I supplied information to the prescribed website twice. The numbers on the complaint are 10198788 and 10200520. I believe you will find the entries to contain the same information. I retained the second tire in the event someone wants to evaluate the failure. I am very concerned that two tires failed within a week and am hopeful that you will really look into this matter as the next victim may not be as lucky as my family and I were.

Thank you,
