I have been for a week trying
to call you at both 1-800-424-9393
and 1-202-366-1790 but have failed
to reach anyone.

I purchased a 2005 Mercury
Grand Marquis New in ^{July} 2005.
My four tires are coming apart around
the white side walls. When I reported it
I had not had the car 2 yrs. and I had
25000 miles. I feel these are unsafe
has anyone else had trouble with
these Michelin tires? P225/60R

Sincerely,
