Dear Friends:

Serving Hoosiers is my foremost priority. In my Indiana offices, I maintain a staff of Constituent Service Specialists who possess unique expertise regarding government agencies and programs. The Constituent Service Specialists provide the following services:

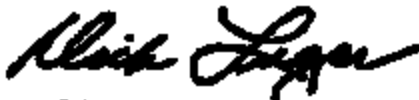

- facilitate communication with federal, state and local agencies
- identify appropriate resources for assistance
- ensure attention to inquiries and advocate due process of constituent claims with federal agencies
- clarify federal regulations and procedures
- provide general information

I also maintain a Special Projects Staff which provides a variety of services and support to Hoosier communities. In addition to offering individual constituent service, my office provides direct assistance to local elected officials, citizen groups and non-profit organizations in their interaction with the federal government.

My staff is equipped with current information on federal grant and loan programs and is available to provide consultation as needed. Be sure to contact my Constituent Services or Special Projects Staff if you need assistance.

I encourage you to call, write or e-mail my Indiana office for information on additional assistance available, or to leave suggestions on how I can better represent you.

Sincerely,

Richard G. Lugar

Senator Richard Lugar
306 Hart Senate Office Building
Washington D.C. 20510

Dear Senator Lugar:

I am currently an activated Marine reservist (activation notice enclosed). On the day I was activated and leaving my family and home for a year or more, the steering on our 2006 Ford pickup went out and my daughter was involved in a crash which both injured her and did extensive damage to the truck (police accident report enclosed).

Despite that fact that the police accident report listed mechanical failure as the cause of the accident and specifically stated there was no driver error, Ford Motor Company has refused to take any responsibility for or make any repairs to the vehicle. This vehicle has only 23,000 or so miles on it and is still under its full warranty period!

I am currently stationed over 300 miles from my family. Ford's actions have caused undue emotional and financial hardship on them as my daughter has been forced to borrow a car in order to continue attending classes at Indiana State University, my wife has had to deal with this issue in my absence, and we are now facing a large additional financial burden due to the out of pocket costs we are incurring in order to fix the vehicle ourselves.

Any assistance your office could provide in encouraging Ford to honor its vehicle warranty and take responsibility for their shoddy workmanship would be appreciated.

Sincerely,
[REDACTED]
