Dear Mr. [REDACTED]:

Thank you for your correspondence concerning the problem you encountered with your model year (MY) 2005 Safari Simba motorhome. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence on November 1, 2007.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. Each report is analyzed and entered into a database to determine whether an investigation into a possible safety defect or safety defect recall adequacy is warranted.

A review of our database relative to problems associated with MY 2005 Safari Simba motorhomes, specifically the P-30 chassis, revealed no reports of problems similar to that which you encountered; therefore, there is insufficient evidence to warrant opening a safety defect investigation at this time. The information you provided has been entered into our database. It will be considered with future reports to identify any safety defect trends that may require our attention.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, you can complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq>. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,
