Dear [REDACTED]:

Thank you for your correspondence dated February 15, 2008, concerning your model year (MY) 2001 Audi TT Roadster. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence on February 27, 2008.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain serious safety defects in their design, construction, or performance. However, we cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. Each report is analyzed and entered into a database to determine whether an investigation into a possible safety defect or safety defect recall adequacy is warranted. We have reviewed our database in an effort to identify whether a safety defect trend exists with regard to instrument cluster problems in MY 2001 Audi TT Roadster vehicles. At this time, there is insufficient evidence to warrant opening a safety defect investigation. A brochure explaining the investigation process is enclosed. The information you provided has been entered into our database and will be considered with future reports to identify any safety defect trends that may require our attention.

Regarding your request for the replacement of the cluster; this does not fall under our jurisdiction. We suggest you continue to work with Audi of America to resolve your concern. You may also contact the Federal Trade Commission (FTC). The FTC has jurisdiction over non-safety defects, paint, fraud or deception, warranty and dealership problems, remuneration matters, and fair trade practices. There are three ways you can contact the FTC: by toll free

telephone at 1-877-FTC-HELP (1-877-382-4357); by mail at Federal Trade Commission, CRC-240, Washington, DC 20580; and by using the Internet complaint form at <http://www.ftc.gov/ftc/complaint.htm>.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, you can complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq>. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc., can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,

A handwritten signature in cursive script that reads "Ronald B. Fields".
