Attorney General, State of Iowa,

We have a 1999 Landau by Georgie Boy motor home with a Triton V10 Ford engine. Last fall, September 2007 we were sent a recall letter from Ford Motor company recalling the cruise control for our engine. We called our engine repair company, Dewey Ford in Ankeny and also Stivers in Waukee and were informed by both companies that the replacement would be available in January of 2008. We called both Dewey Ford and Stivers mid January and were informed that the replacement is still not available. We called Ford Motor Company at 1-800-444-3311 and the representative of Ford Motor Company informed us that the replacement would not be available until April or May of 2008. The problem is that the replacement is made "off shore" and they are having trouble with their distributor.

The problem with this major delay in a necessary part for our engine is that we will not be able to travel in our motor home any distance. Normally we winter away in Florida for several months. No one would want to travel without cruise control for a lengthy trip and if we used the cruise control knowing that there is a recall, our insurance I am sure, would not cover our vehicle. The additional problem indicated by the letter notification is that the part could catch on fire even when parked. This is a major safety issue.

I would appreciate it if you could investigate this issue for us. Any help would be greatly appreciated. Thank you.

Enclosed please find copies of the letters from Ford Motor Company about the recall.

Respectfully,

[Redacted signature]

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in certain 1992-2004 vehicles equipped with speed control. We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with Ford and Lincoln Mercury dealers, is to provide you with the highest level of service and support.

What is the issue?

Ford cannot be confident that over many years in service, the type of Speed Control Deactivation Switch (SCDS) equipped on your vehicle will not leak, posing the risk of an underhood fire. This condition may occur either when the vehicle is parked or when it is being operated, even if the speed control is not in use.

What will Ford and your dealer do?

Ford Motor Company has authorized your dealer to install a fused wiring harness into the speed control system of your vehicle free of charge (parts and labor).

How long will it take?

Your dealer may be able to perform this repair while you wait; however, due to scheduling requirements, your dealer may need your vehicle for a longer period of time.

What are we asking you to do?

Please call your dealer without delay and request a service date to have the fused wiring harness installed (Recall 05S28). Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

Until you have the recall service performed, park your vehicle away from structures to prevent a potential underhood fire from spreading.

The vehicle owner is responsible for having this service action performed. Ford Motor Company reserves the right to deny coverage for any vehicle damage that may result from failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

RETAIL OWNERS: If you do not already have a servicing dealer, you can access <http://www.genuineservice.com> for dealer addresses, maps, and driving instructions.

FLEET OWNERS: If you do not already have a servicing dealer, you may access our Dealer Locator on <https://www.fleet.ford.com> for dealer addresses, maps, and driving instructions.

MOTORHOME OWNERS: To locate a dealer that services Motorhomes, call the Motorhome Customer Assistance Center toll free at 1-800-444-3311. Ford representatives are available 24 hours a day.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
