

CL-10223937-3302

3/24/08

I was rear ended at a stop light, at Holland Hospital they told me I had a Repaired AORA And this WAS CAUSED by the Blow to my Lower body.

I was driving a 1994 Cherokee Jeep station wagon the steering wheel and seat pinned me in.

I'm trying to find out about the safety

Can you send me any papers on the safety of this 1994 Jeep. Thank you.

Sincerely mi
