Prescott Valley, AZ [REDACTED]

NVS-216 et
Ref. No. 10232516

Dear [REDACTED]:

Thank you for your correspondence dated April 9, 2009, concerning the Greenball tires equipped on your model year (MY) 2007 Forest River Sierra Sport recreational vehicle. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence on April 28, 2009.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. In your letter you indicate that you encountered tire blowouts on your MY 2007 Forest River Sierra Sport recreational vehicle. A review of our database relative to Greenball tires equipped on 2007 Forest River Sierra Sport recreational vehicles revealed insufficient evidence to warrant opening a safety defect investigation at this time. The information you provided has been entered into our database. It will be considered with future reports to identify any safety defect trends that may require our attention.

With regard to your request for the installation of a new set of steel belted sidewall tires on your vehicle, we recommend that you continue to work with the dealership and/or manufacturer as this does not fall under our jurisdiction. If you have not done so, you may consider contacting the Federal Trade Commission (FTC). The FTC has jurisdiction over non-safety defects, paint,

fraud or deception, warranty and dealership problems, remuneration matters, and fair trade practices. There are three ways you can contact the FTC: by toll free telephone at 1-877-FTC-HELP (1-877-382-4357); by mail at Federal Trade Commission, CRC-240, Washington, DC 20580; and by using the Internet complaint form at <http://www.ftc.gov/ftc/complaint.htm>.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, we would appreciate it if you would complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq> or call the Auto Safety Hotline at 1-888-327-4236. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,

A handwritten signature in cursive script that reads "Randy Reid".
