NVS-216 et
Ref. No. 10241914

Dear [REDACTED]:

Thank you for your correspondence concerning your model year (MY) 2004 Cadillac Deville vehicle. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence on May 5, 2009.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. In your letter you state that the power steering in your MY 2004 Cadillac Deville becomes inoperable during rainy weather.

We have reviewed our database in an effort to identify whether a safety defect trend exists with regard to steering problems, specifically during inclement weather, in MY 2004 Cadillac Deville vehicles. At this time, there is insufficient evidence to warrant opening a safety defect investigation. The information you provided has been entered into our database. It will be considered with future reports to identify any safety defect trends that may require our attention.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, we would appreciate it if you would complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq> or call the Auto Safety Hotline at 1-888-327-4236. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,

A handwritten signature in cursive script that reads "Randy Reid".

Randy Reid, Chief
