Dear [REDACTED]

Thank you for your correspondence dated August 22, 2008, concerning your model year (MY) 2008 Cadillac DTS. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence on September 12, 2008.

NHTSA is the Federal agency responsible for improving safety on our Nation's highways. We are authorized to order manufacturers to recall and repair vehicles or items of motor vehicle equipment when our investigations indicate that they contain safety defects in their design, construction, or performance. We also monitor the adequacy of manufacturers' recall campaigns. In order for the agency to initiate an investigation, we look carefully at the body of consumer complaints and other available data to determine whether a defect may exist. We cannot act on isolated problems or resolve disputes between individual owners, dealers, or manufacturers.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. In your letter you mentioned the various electrical problems you have encountered with your MY 2008 Cadillac DTS and your request to have your vehicle repurchased by the manufacturer. We have reviewed our database in an effort to identify whether a safety defect trend exists with regard to electrical problems in MY 2008 Cadillac DTS vehicles. At this time, there is insufficient evidence to warrant opening a safety defect investigation at this time. The information you provided has been entered into our database. It will be considered with future reports to identify any safety defect trends that may require our attention.

We sympathize with you concerning the customer service problems you reported; however, this does not fall under our jurisdiction. If you have not done so, you may consider contacting

your local Consumer Protection Agency, Better Business Bureau, or the Ohio Office of the Attorney General regarding your problems.

Additionally, the Federal Trade Commission (FTC) has jurisdiction over paint, fraud or deception, warranty and dealership problems, remuneration matters, and fair trade practices. There are three ways you can contact the FTC: by toll free telephone at 1-877-FTC-HELP (1-877-382-4357); by mail at Federal Trade Commission, CRC-240, Washington, DC 20580; and by using the Internet complaint form at <http://www.ftc.gov/ftc/complaint.htm>.

Should you encounter a safety-related problem with a motor vehicle or item of motor vehicle equipment in the future, you can complete an electronic Vehicle Owner's Questionnaire online at <http://www.nhtsa.dot.gov/ivoq>. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at <http://www.nhtsa.dot.gov/cars/problems>.

Sincerely,
