Dear Debra,

Re: Safety recall 50901-C

Bill O'Neill gave me your name as the contact person to help us receive a reimbursement of the \$3000.00 spent when our rear brake calipers failed and we had to have them replaced in July of this year.

I have enclosed the bill from De Paula Chevrolet of Albany, N.Y. and I do have the defective calipers and other brake parts in our garage to back up our claim.

Please remit check to address below.

Thanks,
