

To Whom This Matter Does Concern,

CL-16318648-9400

This is an formal complaint and Request for an investigation.

1) I am including copies of taxes pd. and DMV Registration from Hart Cty, GA. (OR) consent for copies.

2) Vehicle Purchased at Piedmont Honda was an 2006 Honda Civic Coupe SI with Dual Overhead Cam.

* Upon Purchase Mileage = 61,000.

* Upon Accident Mileage = 71,500.

* Accident Date April 8th, 2009.

3) Upon Accident of Total Less the Nation wide Ins. did not comply with my policy - Nor did the Victoria.

(yet the previous week an minor accident was covered, hence proof coverage was current.)

4) The Honda Civic Coupe SI is Currently at Cothran's @ 11 Cooley Bridge^T

MC
03109110
TW

Belton, SC.
864) 338-5738

5) Time review/report & timing of initial examination by the agent is an was unacceptable and also negligent. Upon myself locating the Honda - and including the event description and manner of accident - it is quite clear an mechanical failure occurred when the left front wheel broke, and turned out to the left instantly.

There was no certified Auto Mechanic - Nor an Honda Auto Mechanic brought or sent to my Honda at any point. The only feedback I have for reference concerning the ins. agent reviewing the Honda at Cothran's is by the Secretary Darla. She relayed the insurance agent saying since such and such amount of time had passed, she (agent) saw no need to pay or process to pay the claim.

6) During this I suffered real injuries and medical records can be retrieved

amounting 14~~15~~15,000⁰⁰;

7) ~~It~~ Also the Anderson Federal Credit Union Finance has siezed and taken over ~~17,000⁰⁰~~ from my Veterans and Social Security Income.

- These facts and greivous errors which have been a large part of my duress need investigating.

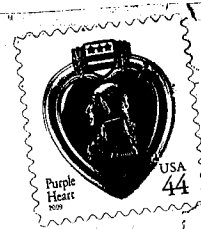

- I look very forward to any and all responses.

Thank You For Your Time
And Consideration in This
Matter.

Sincerely,

BELTON, S.C.
