Please provide a brief description of your problem and how Senator Menendez can assist:

I am requesting your help in obtaining a contact in the NHTSA, National Highway Traffic Safety Administration, to determine if the Toyota (2004) that I drive is safe and if there have been any recalls. I suspect a problem with the ABS (anti-lock brakes) or traction control system. I have written to Toyota several times and have not received a response. I have taken the vehicle to my dealer and received no response. I just need the name of a person who in the NHTSA is dealing with cars manufactured by Toyota!

Thanks for your kind help.
