Subject: Volvo sudden acceleration

To whom it may concern, I have a 1999 Volvo XC V70 VIN# y v 1 l z 5 6 d 4 x 2 [REDACTED] with 120,000 miles. My XC V70 will hesitate and then suddenly accelerate, after this the engine will chugle (shake rich). My local dealer says the car is too old for warranty repairs concerning ETM components. Please advise, Thank you [REDACTED]
