NHTSA:

I have a complaint against Ford Motor Company. I have a Ford Focus SE Station Wagon 2002, with vin # IFAFP36332W and 77,000 mileage. This car has several problems. Problem with Automatic Transmission, three times fix this Automatic Transmission. Total cost is: \$ 4,500. Engine has strong noise to pass to cabin, change several parts in engine not work, persist with this strong noise Total Cost: 500.00. Problem with Airbag systems and Airbag cover in the passage area. Change four times rear windows regulator, Total Cost is: 400.00. Problem with thermostat housing, two time leak coolant and crack in the bottom, Total Cost is \$80.00. I lost several jobs because the car not works. Please add this complaint to resolve these problems. I trust in the good people of NHTSA to attend these complaints.
