INFORMATION Redacted PURSUANT TO THE FREEDOM OF INFORMATION ACT (FOIA), 5 U.S.C . 552(B)(6)

As a driver who suffered two (2) accidents with this problem, have you ever invertigated the situation where the 2008 Altima
when moving at a crawl, with right foot on brake, suddenly accelerated & caused accidents.

I did report my problem to your office about one (1) year ago prior to my advising Nissan Acceptance that I would cease final
lease payment and that after 38 trouble free months, I refused to
drive a "Killer Kind of Auto" and that Nissan should pick up the
vehicle and check out the TWO(2) accident problem.
