Briefly explain your problem and/or desired information (Include additional pages if needed or copies of any documentation that you may have which would help expedite your inquiry. Please do not send original documents.)

Problem with Ford Motor Company's lack of acknowledging engineering defects with their 6.0 Liter diesel engines and front end, steering problems. I have filed a complaint with the FTC and the number for reference, for me, is 317 26 075. Once your warranty is up, it comes out of your own pocket!

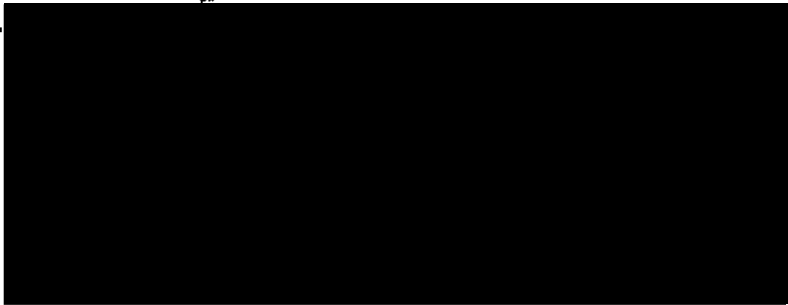

*(Dangerous!)
2005 Ford F-350 w/ only 61,000 miles I have went through (4) Tumblers!*

In keeping with the Privacy Act of 1974; I, [Redacted], authorize any federal agency or department relative to my case, to provide information regarding my case/claim to U.S. Senator Bob Corker and staff.

Signature: [Redacted] Date: 8-8-2011

Please Return Completed Form and Documents to the Field Office Serving the County in Which You Reside (see next page).

It would not be so bad had the problems not persisted throughout the ownership of this vehicle, even before the warranty expired. It was always the same problem(s). I am not looking to seek litigation against Ford but I do want them held accountable for problems they are very aware of. Please forgive ~~the~~ extra information sent, I thought it would help with your research. Thank you for your time, I appreciate it

P.S. Have Ford
Produce dealership
records of problems
they have had to fix
on these trucks - there will
be tons!
