So what is the next step in this complaint? I just want to make sure I don't "drop the ball" on anything I am suppose to do. Can you give me a rough idea of the process? If there is anything else I need to do, please, let me know and I will be more than happy to work with you. Once again, I thank you for your time and attention with this matter. I understand you have a very high volume to deal with.

Sincerely,
