Subject: Tire Failure Report Conf.No. 10429538 Correction

At the time of filing my report I incorrectly identified the manufacturer and model number. The correct identification of the manufacturer is VOMA Manufacturing (China) and the model number(s) as marked on the tire are YTR06 and/or HA109. Please correct the report and your records accordingly.

In addition I would like to know if you need the failed tires for your investigation. I have one in my possession and two others of the failed tires are being held by the dealers that replaced them. Please let me know if I should continue to have them held for inspection.
