Subject: FW: Consumer comment/question -- 2003 Jeep Liberty/Engine stalls

This one is yours. I would imagine this is more of a rhetorical question, but I don't know if you respond to an email such as this or not. I do not see any investigation or recall in the system involving a 2003 Jeep Liberty/engine stalls.

Checking our database, this consumer is apparently [REDACTED] — he has submitted ten VOQs since 2001. The four most recent (since 2010) involve the 2003 Jeep Liberty, and two of these involve a stalling issue.

His four most recent complaints are 10456005, 10454407, 10405793, and 10351817
