I copied the form and will add hand written additions. If that is acceptable, what is the mailing address? I particularly want to add that when the engine stopped there was no power steering and only one power assisted brake application. This almost resulted in a serious accident.

I can either send you another copy through email or mail you and actual paper copy. If you would like the paper copy let me know so I can get that sent out. You could also print out the form and make any necessary changes and either fax it into our office or mail it. Please let me know if I can be of any more assistance.

Thank you

I opened the form and attempted to edit and add info. It doesn't accept any additions or changes.
