Enforcement

Dear Mr. Reid,

Thank you for your response to my inquiry (Ref. No. 10463762). You stated "Although the dealer had possession of the recall notification, technically he would not be responsible for completing the recall unless the vehicle's registration was transferred to his dealership by the state department of motor vehicles." This was the case. The vehicle registration was transferred to his dealership by the Florida state department of motor vehicles. You stated "We do not have the authority to act on isolated problems or resolve disputes between individual owners, dealers or manufacturers." Can you point me in the direction of who I would contact regarding this matter.

Thank You.
