**Subject:** Attention "NHTSA/Office of Defects Investigation"

I did not see the attached form you stated I needed to view and make corrections. The reputable mechanic "White Automotive on Wynnton Raod Columbus Ga. 31906," could not reenact the problem that has been happening with my car. The scary part about this situation is that I don't know when it will happen, but I do know that my brakes did fail on several occasions, and I quickly switch the gear into park because my brakes did fail(it would not stop when I press my foot pedal to stop the car). GM must address these problems because I know I COULD NOT BE THE ONLY PERSON THIS IS HAPPENING TO.
