10/22/2012 - NISSAN

NGV - 1 2012

SIR,

THIS IS MY SECOND LETTER TO YOU, SORRY
NOTHING IN RETURN.

I HAD A 2003-2008-2012 HONDA CRUIS.

THE FIRST 2 WERE GREAT BUT THE 2012, WELL WHEN

I ~~WENT TO~~ ^{GO} SHOW I STEP ON THE GAS THE

VEHICLE BOPS DOWN, I HAVE TO PUMP THE GAS

PEDAL TO GO. IT SEEM^{ED} MY WIFE - THE HONDA

DEALER CHECKED EVERYTHING OUT, FOUND NOTHING.

THEY SAID YOU CHANGED SOMETHING WITH THE

GAS CABLE, WHY FIX SOMETHING THAT'S NOT BROKEN.

I PAID OVER \$30,000 FOR THE HOLD A * I HAVE TO

HAVE MY WIFE SO SCARED EVERY TIME IT HAPPENS.

I HOPE YOU CAN DO SOMETHING ABOUT THIS PROBLEM.

ALSO AFTER PAYING ALL THAT MONEY, NO ROOF RACKS,

NO HITCH, NO BOB-SHIELD, NO RAIN GUARDS, ^{NOTHING} NO EXTRA

6 CYLINDER) WITH LOT - NO CHAQUE, NO BODY

STYLE THAT STANDS OUT - THE 03 LOOKS LIKE 2012

NO BUTTON ON DASH OR KEY CHAIN TO OPEN REAR DOOR

SHOULD HAVE A BEATER WHEN YOU BACK UP.

YOU DID AWAY WITH THE LEVER TO TURN THE REAR VIEW

MIRROR AT NIGHT - WHY THE DRIVERS SIDE MIRROR

SHOULD BE TILTED - AT NIGHT IT BRINGS OVER

THANK YOU

EXNOPTA
