Senator Wicker,

I am a supporter of your mission and vision for the state of Mississippi. I rarely ask favors but in this case I have no idea what to do. My wife and I bought a 2007 Honda Odyssey. This van has a documented problem of the brakes suddenly locking on while driving. This happened to my wife while taking one of our 4 children home from a visit to the doctor. The cement truck behind her on the interstate just missed slamming into them. Honda will not admit to this problem which has undoubtedly already resulted in fatal accidents whose causes were unknown. I ask that you exercise your right and duty as a United States Senator to investigate this violence against our families. Honda is allowing people, including small children to be exposed to risk of horrible and even potentially fatal injury to make more money. I do not know how the law treats this type of matter but the lives of my wife and children are not for sale. I trust that you feel the same. I enjoyed your visit to Picayune where you spoke in defense of the unborn babies. It was a cold day, but you persevered. May God bless and keep you and our country.

Respectfully yours,

[REDACTED]
