Mr. George N. Statfeld
Attorney At Law
3 West 35th Street
New York, NY 10001

NVS-216rrr
Ref. No. 10498621

Dear Mr. Statfeld:

Thank you for your correspondences requesting statistical data for sudden acceleration and a list vehicles that had Firestone tire problems. The National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation received your correspondence. Unfortunately, due to the limited agency resources, NHTSA cannot respond to the submitters of these types of requests. The information you request can be obtained from our Flat File Database at, www-odi.nhtsa.dot.gov/downloads/index.cfm. We regret any inconvenience our delay in responding may have caused you.

Should you or a client encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, we would appreciate it if you would complete an electronic Vehicle Owner's Questionnaire online at www.nhtsa.gov or call the Auto Safety Hotline at 1-888-327-4236. Also, a summary listing of vehicle owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be obtained at our web site.

Sincerely,

Randy Reid, Chief
Correspondence Research Division
Office of Defects Investigation
Enforcement
