Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I was told by General Motors that a recall notice was mail to me extending warranty on this problem to 100,000 miles. I never received the recall notice from G.M. I was only told about it after it expired. At my home vehicle is parked in garage, furnace room is near. These furnaces are a major fire hazard. This is the reason the vehicle was taken to an independent repair shop. Vehicle on has 35,000 Miles on it. The vehicle had 5 other recalls and I received the notices.
