Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

The problems described in the recall NTB03-125 match the exact problems with my car. My VIN number is in the range specified in the recall. However, Nissan @ tells me that my car is not included under the recall but cannot tell me why. The recall is less than 10 years old, and they confirmed that it had never been done on my car. I spoke with Dorothy at Nissan Corp: 800-343-6913 x457204. The dealership's invoice with the description of the faults is enclosed. The engine has shut off completely without warning multiple times now, so I am
