The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.							

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Note: no incidents have occurred at this time.

Vehicle purchased from private party, while inspecting I noticed that on driver side the metal assembly that bolts to Sub Frame to front end of vehicle is completely corroded also right side assembly also very badly corroded, these parts support front end of Sub frame to front end of vehicle. I feel that someone of proper authority need to visually see this problem to determine if this needs correction, I would be happy to show this to reg'd authority at my residence, etc.
