JUL 18 2014

I am having a problem with my
brake pads Larry's Motor Sport in Jefferson
City Mo. replaced them twice in 1 year,
and I had to pay for them, twice
a week my rear wheels on my trike
are black, and I have to clean them,
because I think the brake fluid is
leaking on the brake pads and my
wheels causing the brake pads too
wear out. I feel the brakes and pads
were set wrong causing them too
wear out, and I feel I should get
my money back, and have the rear end
re done, if you have someone in Jeff
City that could look at my trike and
come by my home and check it out, I
live only 5 minutes from Larry's Sports,
Please let me know what you can
do to help me.

Thanks

Jefferson City Mo.
