If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.					

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

The vehicle was sent to an Automotive repair shop (Alan's Auto Repair) to be MIG welded to absolute safe operable conditions. When I had pulled it out of the repair shop welds were incomplete, incorrectly conducted, rusted, and not grinded down therefore resulting in the eventual destruction of the frame potentially causing harm to others and myself. The current condition of the welds will break. I need the evaluation of my vehicle frame. I had custom work conducted even though it was not sufficient.
