IMPORTANT SAFETY RECALL

N46 / NHTSA 13V-252

This notice applies to your vehicle (VIN: 1J8GL58KX2W [REDACTED]).

This interim notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear [REDACTED]

The National Highway Traffic Safety Administration has made a tentative assessment that certain **2002 through 2007 model year Jeep® Liberty vehicles** contain defects related to motor vehicle safety. Although the NHTSA assessment is non-final, Chrysler Group has decided to conduct a voluntary safety recall to respond to customer concerns about that assessment.

The problem is... The fuel tank on your vehicle has a small chance of experiencing a fuel leak during certain types of rear end collisions. Fuel leakage in the presence of an ignition source can result in an underbody fire.

What your dealer will do... Chrysler intends to inspect your vehicle and install an Original Equipment Manufacturer (OEM) trailer hitch where appropriate, free of charge (parts and labor) to better manage crash forces in low-speed impacts. The parts required for this program are currently not available. Chrysler is making all reasonable efforts to obtain the parts as quickly as possible. Chrysler will contact you again by mail, with a follow-up notice, when the remedy parts are available.

What you must do to ensure your safety... Once you receive your follow-up notice in the mail, simply contact your Chrysler, Jeep or Dodge dealer right away to schedule a service appointment.

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at www.jeep.com/ownersreg.

If you have purchased and installed the OEM trailer hitch after your initial vehicle purchase, please send your original receipt and/or other adequate proof of payment to the following address for reimbursement: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to <http://www.safercar.gov>.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.

Ask your dealer about the following notification(s). Our records indicate that your vehicle also requires repair for notification(s): M35

SAFETY RECALL M35/NHTSA 12V-527
AIRBAG SYSTEM OCCUPANT RESTRAINT CONTROL MODULE

Dear [REDACTED]

This interim notification letter is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in some **2002 through 2003 model year Jeep® Liberty** and **2002 through 2004 model year Jeep® Grand Cherokee** vehicles.

The problem is... The Occupant Restraint Control (ORC) module installed in your vehicle (VIN: 1J8GL58KX2W[REDACTED]) has a small chance of experiencing an electrical overstress condition. Should this overstress condition occur, it could damage one of the ORC's computer chips. A damaged computer chip could cause the airbag light to illuminate, followed almost immediately by an inadvertent deployment of the front airbags (Liberty and Grand Cherokee) or side airbag curtains (Grand Cherokee only). Inadvertent deployment of the airbags may increase the risk of injury and the possibility of a vehicle crash.

What Chrysler is doing.... Chrysler intends to repair your vehicle free of charge (parts and labor). Unfortunately, the parts required to provide a permanent remedy for this condition are currently not available. Chrysler is making every effort to obtain these parts as quickly as possible. Chrysler will contact you again by mail, with a follow-up recall notice, when the remedy parts are available.

NOTE: The AIRBAG warning light will go on for a few seconds after you start your vehicle and then goes out. This is part of the self-test diagnostics of the airbag system and indicates the airbag system is functioning properly. No action on your part is required for this condition.

What you must do to ensure your safety... Once you receive your follow-up recall notice in the mail, simply **contact your Chrysler, Jeep or Dodge dealer** right away to schedule a service appointment. Ask the dealer to hold the parts for your vehicle or to order them before your appointment.

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard, if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at www.jeep.com/ownersreg.
