

DEC 31 2013

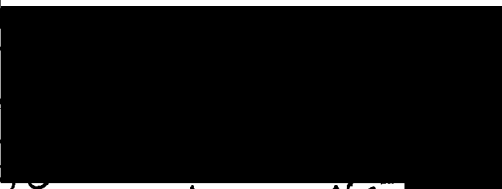

Dear Sir, or Madam,
I am writing about my 2013
Dodge Avenger. I purchased this
car in November of last year.
I have had a lot of problems
with my car. I love my car
and I found out about some
recalls was made on some
Dodge Avengers. My car ESC
light came on and I had
it serviced. I try to keep it
serviced. I am disappointed
because of the back end of
my car is damaged, but I
never had an accident. I
feel that there is a
defect in the rear end of
my car. I really need it
fixed. If I need to send
a picture to you to let
you know what is going
on with this car please
respond and let me
know. I took my car
back to where I purchased

it. I was there for hours
and no one even looked
at it. I was just put in the
back. I was very disappointed.
People ask me about my
car and I tell them that
I love my car. I went in
November to let them install
a ~~device~~ device in the car.

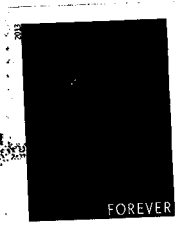

Thank you.
