JUL -9 2014

To The Administrator,

Please find enclosed a copy of the safety recall: N49/NHTSA 13V-529 along with my letter to the Chrysler Group, LLC. The recall started on January 6, 2014 and I was told that I would probably not be getting my truck fixed until sometime in 2015. Their explanation was that Chrysler was giving the dealerships the recall part on a rate of three (3) per week.

I sent an online email to the National Highway Traffic Safety Administration over three months ago about this problem but never heard anything back from you. This is starting to smell similar to another GM cover-up. With the amount of taxes that I pay every year, I hope that your government agency does something about this before someone gets killed from this negligent recall.

Sincerely,

James F. Urbanski
President

IMPORTANT SAFETY RECALL N49 / NHTSA 13V-529**COPY**

This notice applies to your vehicle (VIN: 3D73Y4CL1BG[REDACTED]).

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Dear UNCLE JIMMY'S BRAND P

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in some **2008 through 2012 model year RAM 1500/2500/3500 series Trucks**.

The problem is... The left tie rod ball stud on your truck may fracture under certain driving conditions. This could cause a loss of directional control and/or crash without warning.

What your dealer will do... Chrysler will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace steering linkage components. The work will take approximately 1 hour to complete. However, additional time may be necessary depending on service schedules.

What you must do to ensure your safety... Simply contact your Chrysler, Jeep, or Dodge dealer starting January 6, 2014 to schedule a service appointment. Ask the dealer to hold the parts for your vehicle or to order them before your appointment. **Please bring this letter with you to your dealer.**

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at www.dodge.com/ownersreg.

If you have already experienced this condition and have paid to have it repaired, please send your original receipts and/or other adequate proof of payment to the following address for reimbursement: Chrysler Customer Assistance, P.O. Box 21-8007, Auburn Hills, MI 48321-8007, Attention: Reimbursement. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days.

If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Ave., S.E., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to <http://www.safercar.gov>.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.

To Recall Administration,

Be advised that the enclosed recall notice has been sent to my house for the second time and I would like to have this recall taken care of at this time. However, it has been brought to my attention by two Dodge dealerships that you are supplying the recall part at a rate of **three (3) parts per week**. At that rate, my 2011 Dodge 3500 will not be fixed until sometime next year.

I use my truck every weekend to haul my horses to competitions and the thought of losing control and risking my life and the lives of my horses because of your negligence in getting the proper parts in stock is unacceptable. This is the first Dodge truck that I have ever owned and maybe my last. I assure you that if something happens due to your negligence, you will find yourselves in the same position as GM.

I strongly suggest that you get my truck fixed ASAP.

Sincerely,

James F. Urbanski
President
