The Insurer guarantees that all parts identified in this estimate are certified as Quality Replacement Parts by an industry certification organization. The Insurer further guarantees that it will replace any Quality Replacement Part identified in this estimate (a recycled part manufactured by the Original Equipment Manufacturer or a new part not manufactured by the Original Equipment Manufacturer) if a defect in that part is discovered. This guarantee will be in effect for as long as you own the vehicle described in this estimate, but it is not transferable to any other party at any time. This guarantee covers the cost of the part, labor to install, and paint and materials, if required, as well as the cost of rental of a temporary replacement vehicle during the repairs. This guarantee does not cover consequential damages. If a defect in a Quality Replacement Part is discovered, contact your adjuster or agent immediately, and we will replace the part with a new Original Equipment Manufacturer part.

Estimate based on MOTOR CRASH ESTIMATING GUIDE. Unless otherwise noted all items are derived from the Guide ARG4456, CCC Data Date 10/17/2013, and the parts selected are OEM-parts manufactured by the vehicles Original Equipment Manufacturer. OEM parts are available at OE/Vehicle dealerships. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships. OPT OEM or ALT OEM parts may reflect some specific, special, or unique pricing or discount. OPT OEM or ALT OEM parts may include "Blemished" parts provided by OEM's through OEM vehicle dealerships. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor information provided by MOTOR may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM or A/M. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2014 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a complete list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:
