

CL-10582769-1247

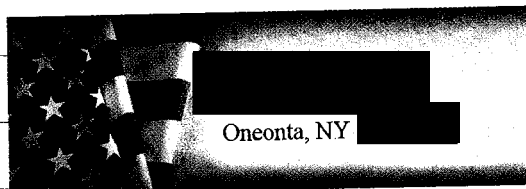

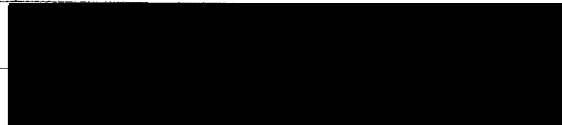

APR -9 2014

My Hyundai Elantra (2001) Vin KMhda45D114 [REDACTED]

[REDACTED] rear control arm broke away from
crossmember causing lost control of car.

My boy had just got off the interstate,
if it had broke at highway speed he would
probably have been killed.

Other Hyundais have been recalled for
this. This car must also be included.
