Subject: Brake Actuator on Doubletree campers

On May 27, 2014 we faxed information about a recall on the Doubletree recreation vehicles. The company would not fix our brakes and we filled out the forms as requested.

Since that time we have not heard from anyone and we understand you are understaffed and our complaint is not top priority, but we were hoping someone might be able to give us some information on the status of our complaint. The reference number is 10583127

We have not replaced the Brake Actuator due to our finance situation. We are senior citizens on a fixed income and at this time we can not afford the cost of over \$800.00 or more for this part.

Thank you for your time and we would appreciate any assistance you can give us.

Sincerely,

[REDACTED]
