I want to modify this complaint to report only one incident.

Make/Manufacturer: Global Expedition Vehicles; Model: UXV-550; Year: 2012

This complaint is filed concerning a Motor Home/Expedition Vehicle built by Global Expedition Vehicles (Nixa Missouri). The Motor Home/Expedition Vehicle was built on a Ford F-550 Chassis. The VIN number of the chassis is: 1FDUF5HT2CE [REDACTED] However, if I put in the VIN number on the complaint web site form, it shows the manufacturer as Ford Motor Company-which is not correct. I don't know how to input the VIN number and still show the manufacturer as Global Expedition Vehicles. Maybe you know how to update this complaint and still show the correct information.
