Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Suching in the back seat. I test drove the car empty so you couldn't hear it. Feel safe NO. The Two months ago I was pulling in to a parking lot. Twice the car died. Just up and died. I was like the car ran out of gas and now you have a recall on Jeeps but I ending up with it happening to me month before you recalled the Jeeps. I can't take my car in to a car wash for fear the bumper will catch on something. I have to two tone bumper, this car is junk, I should of been offered my money back, but no they refused 50 miles and this car is crap!!! Meral Stone is were I got the car. Chev's suck. I still only have 3,326 miles because it not what I was buying. Im afraid to drive it. Whats next. McE

I Don't want to even drive the car, Whats next?
I want my money back. This is bull. I'm scared
to be one of the people that die's before
something is done. I asked for my money
at 50 miles and they said no. After everything
else happen, with the car they told me to deal
with it. No Help me, it took me 16 years to
write.
