Hello,

Everything is correct except the correct first name is [REDACTED]
I would like to add that the fuel gauge will show 1/8 of a tank, but will be empty , therefore running out of gas in desolate areas or on the freeway. This has happened 3 times. Now I know better.

I would like to add, my car missed the steering recall by 5 days. The recall was thru Mar 31,2006. this car built on April 5,2006. I would like it included.

Thank You
[REDACTED]
