Dear Sir:

as a senior citizen,
I noticed my ignition was
not working properly. When
I took it in to my auto
mechanic who told me that
the auto was not safe for
me to drive.

Attached is a statement
of what was done on my
car. Now, I understand
there is the recall on the
same problem. My mechanic
feels I should be reimbursed
for the work that was done,
to have caused an accident.

I am requesting a refund
on what was done. Thank
you.
