David Friedman
Deputy Director, NHTSA
1200 New Jersey Avenue, S.E.
West Building
Washington, D.C. 20590

Dear Director Friedman:

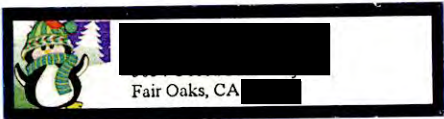

I drive a 2006 Hyundai XG 350 which has a defective air bag system (warning light is constantly on).

The dealer is aware of no air bag recalls for this model. I do not know if TAKATA Corp. made this unit.

If you have not already considered the XG 350, would you please look into the matter for a possible recall.

Sincerely yours,

Fair Oaks, CA
