To N.H.T.S.A.

I have written you over the years, (since 2013-or-2014") and you have given me information on who to contact on getting information on who to write and find out, How I got a 2002' defective "Trailblazer," in my name, when I purchased a 2003' TrailBlazer. Since 2002' General Motors and D.M.V. were the only ones I was able to write or go To To talk to, and They would Tell me nothing!

Everything you told me to do, (N.H.T.S.A.) I did and with "positive" results. Everything I did is in writting and "mostly" from "General Motors" and The Ct. Attorny Generals office.

Since April 20th 2018' when I compiled and put my information "in order" of what was done to me, I have heard nothing from you, (N.H.T.S.A.) Telling me about my case "especially" since it involved General Motors (and Serawron Motors, inc.) "knowingly" put a "SHOCKING" Driverside door vehicle, with "3" recalls in my name without my permission. "Right-Now," I just want To know, someone is on The case, and for "you" To Tell me "I do have a case" Thats all Thank you NHTSA.

Thankyou [redacted]

YOUR OPINION COUNTS

(1) When I received this vehicle, (1GNDT13S22[redacted] 02' Trailblazer it had: 21,437 miles on it.

(2) "May" of 2018, minus the 21,437 mile, it has, (To date): 71,187 on the 2002 Trailblazer, by me.

(3) That's 4,746 miles a year, after almost "16" years in my possession, since it was hardly driven.

Truck stayed Parked most of the Time waiting for G.M. to take it back, the same way I received it
