IMPORTANT SAFETY RECALL

December 2014

14152 1G1ZT54804F [REDACTED]

South Boston, VA [REDACTED]

Dear [REDACTED]

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2004 model year Chevrolet Malibu Maxx vehicles equipped with a 4-speed automatic transmission. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- This notice applies to your 2004 model year Chevrolet Malibu Maxx, VIN 1G1ZT54804F [REDACTED]
- Your vehicle is involved in GM safety recall 14152.
- Schedule an appointment with your Chevrolet dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

Your vehicle has a condition in which the transmission shift cable may fracture at any time. When the fracture occurs, the driver may not be able to select a different gear, remove the key from the ignition or place the transmission in park. When the fracture occurs, the driver may not be able to select a different gear and the vehicle may move in an unintended direction, increasing the risk of a crash. If the driver cannot place the vehicle in park, and exits the vehicle without applying the park brake, the vehicle could roll away and a crash could occur without prior warning.

What will we do?

Your Chevrolet dealer will install a shift cable assembly and mounting bracket. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 1 hour and 15 minutes.

What should you do?

You should contact your Chevrolet dealer to arrange a service appointment as soon as possible.

Did you already pay for this repair?

Even though you may have already had repairs for this condition, you will still need to take your vehicle to your dealer for additional repairs. If you have paid for repairs for the recall condition, please complete the enclosed reimbursement form and present it to your dealer with all required documents. Working with your dealer will expedite your request, however, if this is not convenient, you may mail the completed reimbursement form and all required documents to Reimbursement Department, PO Box 33170, Detroit, MI 48232-5170. The completed form and required documents must be presented to your dealer or received by the Reimbursement Department by December 31, 2015, unless state law specifies a longer reimbursement period.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the Chevrolet Customer Assistance Center at 1.800.222.1020 (TTY 1.800.833.2438).

~~If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>. The National Highway Traffic Safety Administration Campaign ID Number for this recall is 14V224.~~

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
